11th May, 2022

**NOTICE**

In order to simplify the application process, Ministry is making the process online. Further, the Ministry is also revising the guidelines for awarding Centre of Excellence (CoE) status. Therefore, no further proposals are being accepted till the new guidelines are finalized. Once the same is done, a notice to that effect would be posted on the website. All institutions interested in that status are requested to apply/re-apply for the CoE status once the application window reopens.
